

TECHNO RINGS

Manufacturers of Clutch Plates & Auto Components

To Whom So Ever It May Concern,

We have been utilizing the services of Value Enablers from about past 6 months. They have helped us understand and implement the below concepts:

- 5s
- Value Stream Mapping
- Problem Solving Techniques
- Layout Finalization
- Capacity Mapping and Planning
- Video Study

With the above concepts we have been able to achieve the below results:

- Increase of production of a machine shop from 4000 no.s per day to 5000 no.s per day
- Increase of Production of Foundry from 8 heats per shift to 12 heats per shift
- Fettling which was a bottle neck is converted to a very fast output area

We are working with them in many more projects and they have added value to our organization.

We wish them all the best.

With Regards,

Sharath S Bhoopalam,

Director,
